Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan lithium iron phosphate

Liquid-cooled energy storage lithium iron phosphate battery station cabinet Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire

The air-cooled integrated energy storage cabinet adopts the "All in One" design concept, integrating long-life battery cells, efficient bidirectional balancing BMS, high-performance PCS, active safety

High-Capacity Container Lithium Iron Phosphate Solar Battery Introducing our cutting-edge lithium iron phosphate container BESS solar battery energy storage system, ranging from 250KW to 1200KW.

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan lithium iron phosphate

The system is based on LiFePO₄ lithium iron phosphate battery technology, offering high safety, a long lifespan (over 6,500 cycles), and a modular design, making it ideal for Mauritius's abundant sunlight

Discover high-quality wall mounted solar battery lithium solutions from trusted manufacturers. Shop durable, stackable Lifepo4 energy storage systems for home and residential use.

Our certified specialists provide support for outdoor communication cabinets, power equipment enclosures, and battery storage cabinets across Africa. Subscribe for latest insights on outdoor
